## EXPERIMENT WITH THE POWER OF AZURE AI AND BUILD A LIBRARY OF REAL-WORLD AI USE CASES FOR YOUR ORGANISATION

The emergence of large-scale AI solutions has caused organisations to grapple with massive technology change and phenomenal consumer demand for AI capability.

At Arinco we bring our experience to fast track your AI adoption process by working with your teams in a professional services capability to assess, identify, advise on and pilot Azure AI solutions.

Empowering Council employees with AI innovation at Maroondah City Council

Why customers use Arinco's AI studio accelerator

This 2 week engagement is relevant for you if you:

- Want to understand and demonstrate the power of OpenAI and Azure AI technologies

- Build a backlog of business challenges which AI can assist with

- Understand real-world use cases that are most impactful for your organisation

- Understand the roadmap from use case identification to pilot and production stages.

What to expect from this accelerator:

- Understand the AI landscape, including tooling, pre-built solutions and custom development options

- Get hands-on with Azure AI Studio, to realise value in AI features and capabilities

- Identify business-specific use cases and understand the pathway to build or buy AI solutions.
